Cottonwood Parent Involvement Policy

Cottonwood's School Improvement Plan

Proposal of amendment to current plan

Dates of future meetings, what works best for the council?

Title I documents review and approval

Some of the discussion between council members were, we talked about the fact that our intensive aide has resigned. Which means the money allocated for that position needs to be changed for a new aide or reassigned to other needs. The possibility of purchasing additional chrome books with that money for the classrooms was discussed. It was suggested that maybe some of the sterling scholar students would be available to help in the classrooms filling in the 2 hours for the intensive aide position.

Meeting adjourned.
